FOR IMMEDIATE RELEASE

County Seeking Citizen Input on Flag Design

HC-2014-04

Hendersonville, NC - Tuesday, February 4, 2014

The Henderson County Board of Commissioners' are considering the adoption of a county flag. To this date there is no "official" flag that has been designated to represent Henderson County. This flag would fly at Henderson County Local Government buildings, in Raleigh at the North Carolina Association of County Commissioners (NCACC), and would be available to approved groups who are traveling and representing Henderson County.

Since this flag would represent our County, it is important for us to get feedback from our citizens regarding the design. A survey has been placed on our website, www.hendersoncountync.org, and contains the images of four proposed designs. Residents are encouraged to vote on one of the four designs or submit an alternative design for our consideration. Designs and comments can be emailed to Christina Hallingse, Henderson County Public Information Officer, at PIO@hendersoncountync.org or you can reach her by phone at (828) 694-5003.

We appreciate the input of our Henderson County residents.
