HC-2017-34

Hendersonville, NC – September 7, 2017

Henderson County Manager Steve Wyatt has declared a State of Emergency for Henderson County effective at 12:01am, Friday, September 8, 2017, due to potential public safety hazards related to Hurricane Irma. The State of Emergency will continue until emergency service officials advise otherwise.

“This storm could impact the citizens of Henderson County, and we are preparing for that possibility early. By declaring an emergency at the earliest stages, we are placing our citizens in a position to receive the best possible response,” said Emergency Services Director Jimmy Brissie. The storm is expected to produce rain in this area of the state, with the possibility of power outages.
