FOR IMMEDIATE RELEASE

Henderson County Public Library Main Branch Introduces Free Device Charging Station

HC-2017-3
Hendersonville, NC – February 2, 2017

The Main Library has a new service that allows patrons to charge their mobile devices securely, for free! The lockers are big enough for laptops, tablets, and phones. Each bay includes a lightning charger used for most Apple devices and a micro USB for Droid devices as well as an AC adapter for patrons to use their own cord. Simply choose a bay, connect your device, and create a unique PIN using the keypad.

"Patrons will no longer be tied to an outlet," says Marcie Dowling, Marketing and Digital Strategy Librarian for Henderson County Public Libraries, "These secure lockers give patrons the freedom to browse our collection, attend programs, or just relax while their devices charge."

Stop by and recharge at your library!

For more information, please contact Trina Rushing, Director of Libraries at 828-697-4725.
